

A Day out in Hastings

Why not spend Thursday of Festival week in Hastings? We have planned a great day out for you!

The Hastings City Art Deco Market is the perfect place to kit yourself out for this Festival, with our vendors selling their carefully collected brand new, vintage, and second-hand Art Deco clothing, accessories and more! After wandering the stalls, sit back and enjoy the live entertainment, music, silent movies, dancing, and food trucks!

After securing your Deco wear at the market, enter the Hastings Art Deco Fashion Flaunt. With numerous fun competitions and prizes, it's the perfect way to spend an hour of your evening! The categories are increasing to include: Best Dressed Lady, Best Dressed Gent, Best Dressed Child, Best Dressed Couple or Group, LGBT and Toi Deco Maori Fashion. Try your luck and strut your stuff!

There are a fabulous selection of bars and restaurants in Hastings and we have lined up a few of our favourites. Held at the Common Room, Not So Common Deco offers great wine, craft beers and excellent foods. Relax in the garden bar and be surrounded by a positive vibe and live jazz music. Or visit Fun Buns who are also holding a R18 Cocktail High Tea with a selection of delicious treats and drinks. Or pop into Sazio, a pasta bar, and sample their R18 family style Buenos Aires tango-themed dinner. Take your senses on holiday in the land of Argentina without having to leave the Bay!

Take the opportunity to see the fine collection of vintage cars on display in Heretaunga Street East whilst toe tapping music surrounds you. Look to the skies at 7pm for an impressive spectacle as the Warbirds fly over Hastings for the first time ever!
